Entry-level Cloud Engineer with hands-on experience designing, deploying, and securing AWS cloud infrastructure. Strong foundation in Linux, networking, IAM, and cloud security. Certified AWS Solutions Architect – Associate and CompTIA Security+. Seeking an internship or entry-level cloud engineering role.

Work Experience

Cloud Computing Intern

Sep 2025 - Nov 2025

Elevate Labs | Remote

- Configured and secured AWS environments using IAM, security groups, and VPC design to control access and isolate workloads.
- Conducted vulnerability assessments on cloud resources and implemented security best practices to protect data and services.
- Assisted with incident response simulations and documented findings to improve security posture.

Information Technology Intern

Jan 2022 - Oct 2022

Media Monitoring Company | Nigeria

- Monitored print, broadcast, and online media for client news and mentions
- Analysed media coverage trends to provide strategic insights for clients
- Collaborated with senior analysts to produce deliverables within strict deadlines Supported data collection, entry, and management of media databases

Projects

Secure AWS VPC Deployment

- Designed and deployed a custom AWS VPC with public and private subnets
- Configured Internet and NAT Gateways with secure routing
- Applied Security Groups and Network ACLs following least-privilege principles

Real-Time Security Monitoring System

- Enabled CloudTrail to capture AWS account activity
- Stored logs securely in Amazon S3 for auditing
- Reviewed events to identify suspicious behavior

Core Skills

Cloud Platforms: AWS, EC2, VPC, IAM, S3, RDS, CloudTrail, Networking

Operating Systems: Linux, Ubuntu

Networking: subnets, route tables, NAT Gateways, Internet Gateways, Security Groups, NACLs

Security: least-privilege access, logging and monitoring

Tools: Git, Bash, AWS Console, Linux

Cloud Security, AWS

Education

ALX Cloud Computing Program	Jun 2025 - Dec 2025
Program Cloud computing	
Federal University of Petroleum Resources Effurun	Jan 2019 - May 2025
Bachelor of Science Computer science	

Languages

English

Certificates

AWS Solutions Architect – Associate	Nov 2025
AWS
